### ***Doing Business with PEMEX and Recent Legal Reforms: Opportunities for Foreign Firms and Challenges Ahead***

Presentation by

**Dr. Ernesto Marcos\***, founding partner, Marcos y Asociados

On October 28, 2008, Mexico's Congress passed legal reform legislation that gives PEMEX, Mexico's state-owned oil company, more autonomy to make decisions with regard to private contractors, more freedom to keep revenues to be used for its own infrastructure and exploration, and improves PEMEX's transparency and corporate governance. Find out what opportunities this Energy Reform creates for oil and gas E&P and service companies.
